📍 Delhi

## SUMMARY

Enthusiastic Computer Science graduate with hands-on experience in **MERN stack development** and responsive design through projects and internships. Proficient in **HTML, CSS, JavaScript, React.js, Node.js, and MongoDB**, with a strong foundation in problem-solving and programming. Passionate about building user-friendly applications and eager to learn, adapt, and contribute in a dynamic software engineering environment.

## EDUCATION

### Bachelor of Technology, Computer Science & Engineering

**Bhagwan Mahaveer College of Engineering and Management (GGSIPU)**

📅 12/2020 - 08/2024

## PROJECTS

### CourseCatalyst

🌐 <https://course-catalyst.vercel.app/>

A **MERN-based EdTech platform** for course creation, consumption, and rating.

- Built responsive UI with **React.js & Tailwind CSS**.
- Developed REST APIs with **Node.js & Express** and used **MongoDB** for data storage.
- Implemented authentication and optimized for cross-device usability

### HealthEase

🌐 <https://health-ease-eight.vercel.app/>

A **MERN-based hospital management platform** designed to streamline administrative tasks and enhance patient care.

- Built a **responsive, mobile-first UI** with React.js & Tailwind CSS for smooth cross-device usability.
- Developed secure **authentication, session management, and encrypted data handling** using Node.js, Express.js & MongoDB.
- Integrated modules for **doctor availability checks, appointment scheduling, medical record access, and payment processing**.
- Designed with scalability in mind, with planned enhancements like **telemedicine support and advanced search features**.

### Shoppex

🌐 <https://shoppex-1.vercel.app/>

A **responsive e-commerce website** built with HTML, CSS, JavaScript, and jQuery.

- Designed a clean, user-friendly interface with responsive layouts.
- Implemented **dynamic features** like shopping cart, product filtering, and catalog browsing.
- Added functionality for **user registration, login, checkout process, and profile management**.

## INTERNSHIP

### Frontend Developer

#### Edunet Foundation

📅 06/2023 - 07/2023 📍 Remote

-Developed a fully functional frontend project as part of a virtual internship . Utilized HTML, CSS, and JavaScript to -Create interactive and visually appealing web pages.Implemented responsive design techniques to ensure optimal user experience across different devices .  
-Demonstrated strong problem-solving skills by resolving technical issues and debugging code.  
-Conducted thorough testing to identify and fix any bugs or errors in the project

### Web Developer

#### Internshala

📅 11/2022 - 12/2022 📍 Remote

Successfully completed a 8 weeks online certified training on WebDevelopment. The training consisted of HTML, CSS, JavaScript ,Bootstrap, React.js.

## SKILLS

Coding Skills:

C/C++, JAVA HTML CSS

BOOTSTRAP TAILWINDCSS

JAVASCRIPT REACT.JS NODE.JS

MERN MYSQL DSA

Professional Skills:

Communication Teamwork

Problem-solving Self-motivation

Positive attitude
